

You need to print out this page to do it.

Outside your window Scavenger Hunt

What is a scavenger hunt. It is like a treasure hunt but you are looking for everyday things. Someone gives you a list of things you have to find. The object of the game is to be the first person/group that finds all the objects.

In this scavenger hunt you will be looking for things outside the windows of your house, (Yes, windows, you can use any window in your house) but you can't go outside. You have to find at least 20 things on the list below to win. Once you see the object outside your window you can put a check mark beside that thing. The first one to check off 20 (or you can do the whole list) is the winner. You can play this game over and over again if you like. If you do a long list, you could do this for several days. You can challenge your parents, a Facebook friend, a Zoom connection, Grandma and grandpa, your siblings ... or any one else. (Not your dog or gold fish!)

Option: If you want to make the game a little more interesting, you can include the rule that you must take a picture with your phone or camera of that object. You can then have someone be the judge, and they can see if you and your competitors have all the pictures.

Outside your window scavenger hunt list:
